One day, Kaiden was sitting on the couch.

Sigh... I'm kinda bored.

Cutepup was with him.

Same...

Wanna go outside?

Sure!

And so, they both went outside to hang out.

Cutepup saw something walking toward her!

!

There was a small pink kitty and green bunny on the ground.

Awww...

Wait... those two animals look familiar..

Yeah.

Purrrr...

They began to pet the two animals.

Aww! I kinda wanna keep these two as pets!

THEY'RE SOOOO CUTE!!

The happy green bunny begins to jump around.

Wait, hold on... Pink cat, green bunny... it can't be...

Cutepup and Kaiden then went back inside with Hoops and Yoyo.

Meanwhile, Yoyo was in the kitchen.

Hold on, Yoyo's hungry. Let me go feed him.

Okay.

Hmm...

Meanwhile, Hoops was upset.

HISSS

There was a red dog outside barking at him.

RUFF RUFF

Wait... Hoops sounds upset. What's going on?

He went to check it out.

Looks like there's a dog outside.

Oh, let me see!

It had also began to rain.

Oh yeah, and it's raining now.

Oh.

I'm guessing that dog might be lost..

Yeah.

What should we do now?

The dog outside was scared and getting wet.

Whimper...

Oh no... I feel bad for the dog...

Same.

We should bring it inside. The storm's getting bigger. So we gotta save it!

I agree!

RUMBLES

The storm only got worse.

He's getting very wet... let's save him now!

CutePup opened the door to let the puppy inside.

The dog was very scared and soaked.

Aww... are you okay little guy?

Woof...

CutePup walked over to calm the dog with some pets.

CutePup gave him a blanket and dried him off afterwards.

Meow?

Yoyo jumped up onto the couch to check up on the dog.

Should we keep the dog as well?

Probably.

What should we name him?

Hmm... How about 'Dirk'?

Ooh, I like that name!

I got that name from a character in Homestuck.

Oh, Cool!

I'm glad we've found these pets, they're all cute!

Yeah, they're adorable!

And so, they turned on the TV and looked for something to watch.

Sooo, What movie should we watch?

Hmm... I don't know, What do YOU wanna watch?

Oh, how about a Scary movie called 'The Quiet Place'?

Alright.

They began to watch the movie with the Pets.

OH GOSH, That storm Sounds AWFUL. I don't want the Power to go out...

Cute Pup hid under a blanket in fear of the Storm.

I'm really Scared right now...

She hugged YoYo for Some ComFort.

Hoops decided to lay on Kaiden.

Dirk also showed up as well.

Mhm, I really love these goobers!

Me too! They've made me feel better now!

Zzzz

Oh, I also think the rain has stopped!

Oh yeah, it has!

It's a good thing that the power stayed on.

Yeah!

And so, everything was good.

...or was it?

There was a stink bug, and it was crawling towards Kaiden.

Oh my gosh... NOT AGAIN...

WAH!! I NEED TO KILL IT!

CutePup gave Kaiden a bat to hit it with...

Here.

Oh, thanks.

...And he killed it.

SPLAT!

Thank goodness... these things are everywhere. I hate 'em!

Yeah.

There's more outside...

...and a moth.

Woah, there's a bat too!

The moth and the bat flew away.

They all flew away except for those idiotic stink bugs...

Should I try to knock them down from the inside?

IF you want.

I'ma try.

BAM!!

Sigh thank goodness...

Turns out, another one snuck in, and was on Kaiden's arm.

EEEYAAAAH!!! THERE'S ONE ON MY ARM!!

CutePup hit it with the bat.

Thanks a lot...

No problem!

I hope that was all of them...

Yeah, I hope so-

Huh?

OH! IT'S BACK!

The bat that was outside earlier had came back.

It flew away shortly after, though.

My God... that was crazy.

Yeah... too many bugs... and a bat.

I'm glad that they're gone for good...

Yeah, Stink bugs suck.

At least we can finally chill inside now.

The Fox ran off.

In the distance, it got stuck on a fence.

C-CutePup? What's going on??

I swear that fox's skull was showing and it was missing an eye!

I think the fox was attacked by some animal, that's why it's missing an eye.

And now it looks like it got stuck to that fence!

Oh gosh... we need to help it!

Yeah!

They both ran outside to help the fox.

Oh gosh, it is stuck on the fence!!

We must get it out of there!

Yeah.

Kaiden tried to help the fox...

The fox screamed in pain.

AAAAAAAAA

AAAAAAAAA

AH!!

Luckily, the fox was freed.

Oh thank gosh... I'm sorry if we hurt you, little one...

The fox angrily stared them down.

Um... it looks kinda mad and scary...

It walked closer and was ready to attack.

UM... CUTEPUP?

But then...

?

It noticed something & ran away.

Wait... where is it going now?

I dunno... I guess We'll have to see where it's going.

Well, alright. Let's go.

And so, they followed the fox to see where it was headed.

It jumped into the bushes.

Where'd she go?

I think into that bush.

I'm gonna check it out.

Okay!

She peeked inside...

But it was gone.

It's gone now...

Oh...

We should get back home now.

Yeah.

They then walked back home.

Well, that was strange. What should we do now?

I think-

OH MY DOG THERE'S A BAT!!

The bat woke up...

And flew everywhere.
